

*What was the first thing the Pilgrims did when they got on shore?*

The women washed clothes. There were so many dirty clothes to be washed! It took the women all day to get those clothes clean.

The children ran! After weeks and weeks of being cooped up like chickens and crowded in like sardines, it was wonderful to run and run and run on the beach.

Some of the men began to repair the shallop which had been banged about in the storm. Some began to explore the countryside to look for a place where the Pilgrims could live.
