

Name _____

Date _____

World Products

Interdependence means that people from different regions of the country and the world depend on one another for resources, products and services. In this task, you will look in your home for products that come from other countries. Then you will work with your group to make a map and a list to show where these things came from. This activity will show that each person depends on people in other regions for many things.

For homework, you only need to make a list of items in your home that come from other countries. Your list should include:

- Three pieces of clothing

Example: Sneakers from Korea

- Three food products

- Three other kinds of manufactured goods
